

## POWERED ELEVATING SCISSOR DECKS

POWERED OPTION FOR 8000 SERIES (PSD8300,8300S)

### RAISE OR LOWER SCISSOR DECK PLATFORMS WITH POWERED CABLE LIFT

Our Powered Scissor Decks are outfitted with 2000 lb capacity worm gear powered cable lifts. Workers will not hesitate to make good use of the Powered 8000 series. Operation of a drill/driver (not supplied) is all that's required to raise or lower the working surface.

The 8000 series offers 17 height settings to a max deck height of 94".

### CHOICE OF TWO ACCESS OPTIONS:

- Type 1 (250 lb capacity) extension ladder (**PSD8300**)
- Stairway Access Approach (**PSD8300S**)

#### Stairway Access Approach Details:

- Steps are 10" deep x 30" wide
- 10 steps height adjusting stairway
- Handrails and locking wheels
- Stairway bolts onto Scissor Deck deck end
- Non slip perforated dimple step surface.

#### EXTENSION LADDER ACCESS

Powered system shown

#### STAIRWAY ACCESS APPROACH
